Dear Parents,

**The Career and Life Planning Committee's Scheme: GEAR UP**

In regard to the importance of career and life planning education to our students' development, the Career and Life Planning Committee implements a one-year scheme named 'GEAR UP', which stands for '*Gain an Early Awareness and Readiness of University Programmes*', for our students. The aim of this scheme is to facilitate our senior form students' exploration of their career and educational goals through getting the most updated education information and understanding the multiple pathways they have for post-secondary education. We hope ultimately they will be well-prepared to make informed decisions regarding their career and further study.

Details of the scheme are as follows:

Target groups: S4 & S5 students

Objective: Attend at least ONE activity related to further studies in one academic year

Content: Includes but not limited to:

- seminars or talks regarding local or overseas studies or programmes regarding higher education in the Mainland and Taiwan;
- campus visits or information days run by tertiary institutes;
- attachment programs or short courses offered by universities

Activities promotion and information from The Career and Life Planning Committee will be sent through CarMail and posted in the classroom. Students are also encouraged to take the initiative to search for and enroll in other activities related to further studies. Upon completion of an activity, students are required to input its records in the following path:

<https://sites.google.com/a/carmelss.edu.hk/gear-up---career-and-life-planning-committee/>.

The purpose of this correspondence is to gain parents' support for this scheme. We believe that with your support, our students would understand the further study options more thoroughly and be more confident in setting their career and life goals and equipping themselves for the future.

For further enquiries, please contact Miss Rebecca Kho.

Yours sincerely,

Ng Miu Yee

目標：每年須參加不少於一次與升學相關的活動
