

Dear Parents,

Symphony Orchestra & Payment of Instrumental Classes (2nd Semester)

With holistic education as our school's mission, not only do we emphasize moral and academic development, we also actively promote various extracurricular activities, so that our students make the best use of their leisure time, enrich knowledge outside the classroom, be familiar with team environments and acquire healthy personal growth. In order to fulfill our said mission, the school has since established a symphony orchestra and hired professional coaches to instruct our student musicians. Interested students can participate by simply paying a portion of the tuition fee, and those with financial needs can apply to the school to borrow musical instruments for practising. All of these measures aim to encourage students to develop appreciation for music, to obtain a comprehensive understanding of western musical instruments, as well as to gain refinement in temperament. Details are as follows:
