▶ OUTSTANDING STUDENTS

HKDSE 2022 Top Scorers

Our Sixth Form graduates performed brilliantly in the 2022 HKDSE. 6D Tsang Chi Pang Andy scored a perfect 5** across seven subjects, as well as a 5** for an extended Mathematics module elective, making him one of the “super top scorers” this year.

In addition to the four core subjects, Andy also studied BAFS (Accounting), Economics, Physics and Mathematics Extended Part (Module 2). He is particularly passionate about Mathematics and Finance. When choosing subjects for his university education, he emphasizes that interest is his top priority. Currently he is studying Quantitative Finance and Risk Management Science at the Chinese University of Hong Kong.

When asked about tips for learning, Andy replied that he would compile revision materials as his personal notes. What’s more, he always actively asked his teachers and classmates questions, especially when he encountered problems in his studies. He attached great importance to peer learning and formed study groups with his schoolmates. They practised and revised together using online video-conferencing platforms, monitoring and supporting each other in their DSE preparation. To enhance his time management, Andy liked to plan his revision schedule one week in advance and studied for about 8 hours every day.

Besides Andy, there are also other high-achievers scoring 42 or above in their best 7 subjects this year. They are:

Chan Tsz Yuen
Leung Chiu Yat

Chen Tsz Ho
Pau Hui Sum

Fung Kwun Kit
